November 2004

2004 FALKLAND ISLANDS BASE METAL PROOF AND BRILLIANT UNCIRCULATED COLLECTIONS

In 2004, the beautiful Falkland Islands celebrated thirty years since adopting their own coinage. This exciting opportunity arose for the Falkland Islands when Britain decimalised its currency in 1971.

To commemorate the introduction of Falkland Islands coinage, the British Royal Mint have issued two stunning collections of the currency from the Islands – one collection contains Base Metal coins struck to a gleaming Proof standard, whilst the other holds Base Metal coins struck to a Brilliant Uncirculated standard.

2004 FALKLAND ISLANDS BASE METAL PROOF AND UNCIRCULATED COLLECTIONS

The Reverse of most of the coins depicts the wildlife that is indigenous to the Falkland islands.

For the first time ever a circulation coin size two-pound coin has been introduced to the coin collection. The reverse design is by British Royal Mint Chief Engraver, Matthew Bonaccorsi.

Another first for the Falkland Islands – Ian Rank-Broadley's portrait of the Queen graces **every** Obverse.

The Products

2004 FALKLAND ISLANDS BASE METAL PROOF COLLECTION

The eight coins are held in a blue vinyl case and are accompanied by a Certificate of Authenticity.
